- DOD – prevention through correct nutrition

The Veterinary Practitioner Association of Thailand (VPAT) runs a series of continuing education programs in conjunction with the Post Graduate Foundation, University of Sydney, WSAVA continuing Education Committee, regional and local special interest groups. This series of seminars and workshops are conducted in English by specialist tutors from around the world. It is held in an interactive format whereby participants can discuss case studies and problems encountered in everyday practice.

The seminars are held at different beautiful resort locations in Thailand as a perfect family holiday as well as providing a relaxed atmosphere for participants. So if you wish to come to our next upcoming seminar or would like to be on our mailing list, simply fill out the form below and mail at vpat@vpat.org or fax at +66-2-9406387 to VPAT. For any international enquiries please contact Dr. Siraya Chunekamrai at +66-9-1699840
