SEMINAR REGISTRATIONS will close on **Wednesday 23rd June**.

Seminars and Workshops in Veterinary Ultrasonography & Clinical Pathology

(Dr. Paul Brazzell, Dr. Karen Cullen, Dr. Jeff King, Dr. Jessica Wales, and Dr. Jennifer Brazzell)

WORKSHOP SCHEDULE

MONDAY
28 JUNE

Test Your Hematology IQ—An interactive digital image session (3 hours)

Dr. Jennifer Brazzell

You may have heard the adages, “Common things occur commonly” and “If you hear hoof beats, look for horses and not zebras” but even if they rarely occur, unusual and uncommon findings may show up on peripheral blood smear reviews. This session is intended to be an interactive, case based, visual review of some uncommon findings and their clinical (or lack of) significance. High quality digital images will be used.

The workshop will be run twice. Please specify which session you would like to attend.
Time: Morning 9.30am-12.30pm ~~Afternoon 2.00pm-5.00pm (CANCELLED)~~
Venue: YMCA (TST)
Cost: HK\$500.00

PLACES STILL AVAILABLE

TUESDAY
29 JUNE
&
WEDNESDAY
30 JUNE

Veterinary Echocardiography (2 days)

Dr. Paul Brazzell, Dr. Karen Cullen, Dr. Jeff King, and Dr. Jessica Wales

WORKSHOP IS FULL

THURSDAY
1 JULY
&
FRIDAY
2 JULY

Small Animal Abdominal Ultrasound (2 days)

Dr. Paul Brazzell, Dr. Karen Cullen, Dr. Jeff King, and Dr. Jessica Wales

WORKSHOP IS FULL

The brands of the ultrasound machines used in the workshop are: **General Electric**

TOSHIBA

Presenter Biographies

Dr. Paul A. Brazzell, DVM

Dr. Brazzell is a 1988 graduate of the University of Saskatchewan Western College of Veterinary Medicine. He practiced privately for over 15 years in small animal referral practices that he built and owned before pursuing his passion for ultrasonography full-time. He has over 20 years of experience in veterinary practice and abdominal/cardiac ultrasound. He has incorporated veterinary ultrasound into general, referral, emergency, and mobile ultrasonography practices and can offer a unique perspective on the business and marketing of

Seminars and Workshops in Veterinary Ultrasonography & Clinical Pathology

veterinary ultrasound. Dr. Brazzell teaches the beginner and intermediate abdominal and cardiac ultrasound seminars for Universal Ultrasound at Western Veterinary College in Pomona, CA. Dr. Brazzell provides in-hospital and seminar-based abdominal and cardiac ultrasound education to the veterinarians of Canada and the United States. He is co-owner, Vice-President and General Manager of Canadian Veterinary Imaging, Inc.

Dr. Karen Cullen, DVM

Dr. Karen Cullen graduated from Atlantic Veterinary College in 1992 and worked as a small animal veterinarian until 2003. Karen has been providing abdominal and cardiac ultrasound services to veterinary hospitals in southern Ontario for 7 years. Working with Canadian Veterinary Imaging, Inc. for over a year, she has been providing in-clinic ultrasound training for veterinarians across Canada.

Dr. Jeff King, DVM

Dr. King graduated with an AS in Zoology from the College of Siskivous in 1972. He then went on to complete a BS in 1974 and a MS in 1977 in Avian Sciences from the University of California, Davis. He worked as a wildlife disease pathologist/biologist from 1977 to 1982. In 1985 he completed an Associate Degree in Medical Nursing from the College of Southern Idaho and worked as a registered nurse from 1985 to 2003 providing emergency, critical care, organ donation and general medical and surgical care. In 1994 he completed a DVM from the College of Veterinary Medicine at Washington State University. Since 2005 Jeff has been self-employed as a Diagnostic Imaging and Training consultant. His work involves general equine, small animal and exotic medicine surgery with an emphasis on ultrasound imaging. He is a master falconer and instrument-rated private pilot.

Dr. Jessica Wales, DVM

Dr. Wales is a 2010 graduate of the Western College of Veterinary Medicine in Saskatoon, Saskatchewan. She joined Dr. Brazzell and Canadian Veterinary Imaging upon graduation. Dr. Wales provides in-hospital and seminar based abdominal and cardiac ultrasound education to the veterinarians of western Canada. She has extensive small and large animal ultrasound experience. Dr. Wales also works as an associate veterinarian at the Panorama Veterinary Hospital in Winfield, British Columbia.

Dr. Jennifer L. Brazzell, DVM, Dipl. ACVP

Dr. Brazzell is a 2000 graduate of the University of Saskatchewan Western College of Veterinary Medicine. She was formerly a practicing veterinarian and co-owner of two small animal/exotics practices in Canada. She completed her Clinical Pathology residency at the University of Minnesota in 2005 and is a diplomate of the American College of Veterinary Pathologists in Clinical Pathology. She has been employed by Marshfield Labs as a diagnostic pathologist since 2005. Her interests include tick-borne diseases, coagulation, and hematopathology. She has published several scientific papers on these and other topics and has run and participated in several VIN and VSPN Rounds sessions on in-house quality assurance, hematology, and cytology. Dr. Brazzell will be relocating back to Saskatoon late this Summer to begin graduate studies and a second residency in Anatomic Pathology at the University of Saskatchewan Western College of Veterinary Medicine.
